

the LONDON Bizgrid

Your guide to the London, Ontario Business Support Network

HOW TO USE THIS GUIDE

1

First, ask yourself, **WHO AM I?**
What business stage am I in?

-  An entrepreneur with an idea?
-  An up-and-coming startup?
-  An established business?

2

Then, check out the **WHERE CAN I GO?** column. We've identified organizations in the London Business Support Network that offer services to fit your situation.

3

Finally, ask yourself what type of assistance you require. Use the right **WHAT DO I NEED?** columns to narrow your options and find the supporting organization(s) that best serve your needs.
